Safe Harbor

This presentation contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements reflect the current views of First Western Financial, Inc.'s ("First Western") management with respect to, among other things, future events and First Western's financial performance. These statements are often, but not always, made through the use of words or phrases such as "may," "should," "could," "predict," "potential," "believe," "will likely result," "expect," "continue," "will," "anticipate," "seek," "estimate," "intend," "plan," "position," "project," "future," "forecast," "annualized," "goal," "target," "would" and "outlook," or the negative variations of those words or other comparable words of a future or forward-looking nature. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about First Western's industry, management's beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond First Western's control. Accordingly, First Western cautions you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although First Western believes that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. The following risks and uncertainties, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: the risk of geographic concentration in Colorado, Arizona, Wyoming, California, and Montana; the risk of changes in the economy affecting real estate values and liquidity; the risk in our ability to continue to originate residential real estate loans and sell such loans; risks specific to commercial loans and borrowers; the risk of claims and litigation pertaining to our fiduciary responsibilities; the risk of changes in interest rates could reduce our net interest margins and net interest income; increased credit risk, including as a result of deterioration in economic conditions, could require us to increase our allowance for credit losses and could have a material adverse effect on our results of operations and financial condition; the risk in our ability to maintain a strong core deposit base or other low-cost funding sources. Additional information regarding these and other risks and uncertainties to which our business and future financial performance are subject is contained in our Annual Report on Form 10-K filed with the U.S. Securities and Exchange Commission ("SEC") on February 27, 2026 and other documents we file with the SEC from time to time. All subsequent written and oral forward-looking statements attributable to First Western or persons acting on First Western's behalf are expressly qualified in their entirety by this paragraph. Forward-looking statements speak only as of the date of this presentation. First Western undertakes no obligation to publicly update or otherwise revise any forward-looking statements, whether as a result of new information, future events or otherwise (except as required by law).

Certain of the information contained herein may be derived from information provided by industry sources. The Company believes that such information is accurate and the sources from which it has been obtained are reliable; however, the Company cannot guaranty the accuracy of such information and has not independently verified such information.

This presentation contains certain non-GAAP financial measures intended to supplement, not substitute for, comparable GAAP measures. Reconciliations of non-GAAP financial measures to GAAP financial measures are provided at the end of this presentation. Numbers in the presentation may not sum due to rounding.

Our common stock is not a deposit or savings account. Our common stock is not insured by the Federal Deposit Insurance Corporation or any governmental agency or instrumentality.

Except as otherwise indicated, this presentation speaks as of the date hereof. The delivery of this presentation shall not, under any circumstances, create any implication that there has been no change in the affairs of the Company after the date hereof.

Near Term Outlook

- First Western's markets continue to perform well and the strength of our balance sheet and franchise provides opportunities to capitalize on market disruption and challenges being faced by competing banks to add new clients and banking talent
- Added experienced talent across our markets, positioning us to capitalize on attractive growth opportunities
- Loan pipeline remains strong and should continue to result in solid loan growth going forward
- Positive trends expected to continue
  - Solid loan and deposit growth
  - Improved deposit mix
  - Continued expansion in net interest margin
  - More robust business development activities in Wealth Management business
  - More operating leverage resulting from continued revenue growth with disciplined expense control
  - No meaningful deterioration expected in asset quality given the trends we are seeing in the portfolio and our clients continuing to perform well
- Positive trends in key areas expected to continue, which should result in steady improvement in financial performance and further value being created for shareholders

Long-Term Goals to Drive Shareholder Value

Our mission is to be the BPBFWWMC – Best Private Bank for the Western Wealth Management Client

We believe First Western can be a unique, niche-focused regional powerhouse with high fee income and consistent strong earnings from our scalable bank, trust and wealth management platform

Since our pre-2018 IPO status as of year end 2017, we have tripled total loans and total deposits, more than doubled TBV per share and demonstrated significant operating leverage.

Looking forward we can drive shareholder value by:

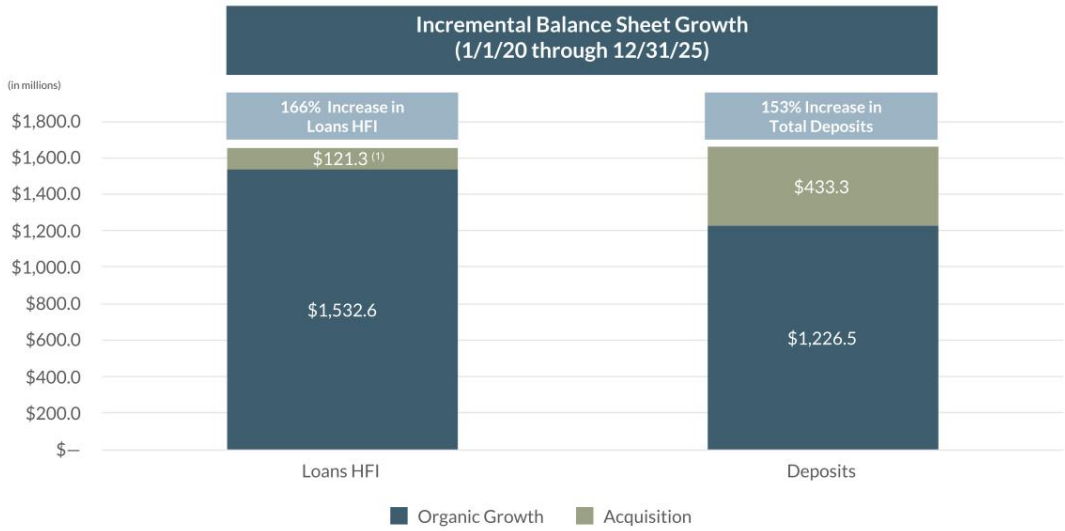

- **Creating more operating leverage to drive high performing ROAA and ROAE results**
- **Emphasizing our differentiation in marketplace with our niche focus and "goldilocks" size**
- **Growing through $5 billion in total assets, $25 billion TIM assets to achieve more operating leverage:**
  - Organic: Growing existing offices to benefit from the high contribution margins in mature offices
  - Expansion: Adding infill and adjacent offices when attractive, built around strong teams
- **Building footprint, scale and operating leverage with M&A when attractive:**
  - Continue our history of selective growth with acquisitions
  - Disciplined approach to be significantly earnings accretive with minimal TBV dilution
- **Enhancing loan, deposit and wealth management platform with unique products and delivery:**
  - Targeted services delivered by local, trusted, expert teams
  - Integrated omnichannel client experience
  - Build out new digital distribution channel

Driving Profitable Growth

Drivers of Long-Term Improved Financial Performance

ROA and ROE

- Net interest margin expanding due to increase in interest-earning asset yields and improving deposit mix
- Disciplined balance sheet management and effective business development efforts expected to result in growth in high quality loans, improved deposit mix, and fee income

Efficiency Ratio

- Realization of more operational efficiencies through streamlining of back-office support and process improvements throughout the organization
- Organization shifting more towards revenue producers without adding to headcount
- Investments in technology resulting in improved efficiencies, enhanced client service, and additional revenue generation opportunities

Asset Quality

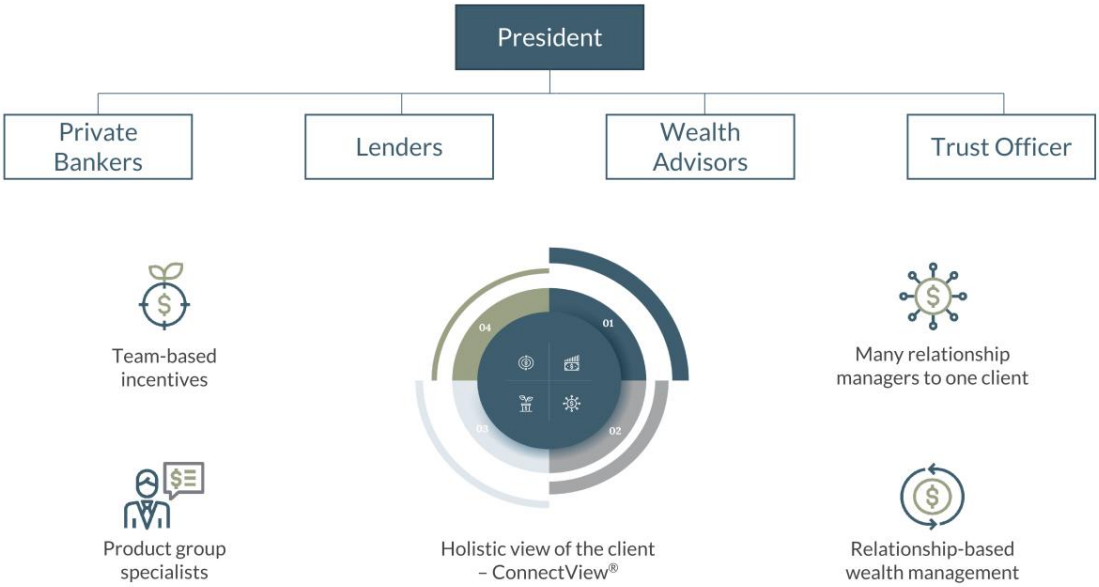

- Continued resolution of non-performing loans with minimal loss content
- Disciplined underwriting criteria continues to result in strong overall asset quality with low level of losses

MYFW: Our Five Core Strengths

Differentiated, Proven in the Marketplace	• **Niche-focused** franchise headquartered in Denver, Colorado • Well-positioned in many **attractive markets** in Arizona, California, Colorado, Montana, and Wyoming • **Specialized central expertise** to compete with siloed national, regional firms • Delivered through **local, boutique trust banking teams** so clients "owned" by MYFW, not associates
Built-in Operating Leverage	• **Strong profit center margins at maturity**, growth opportunities in current and new markets • **Revenue growth** over long term in both fee income and net interest income, with neutral balance sheet • Scalable, **leverageable high fixed cost, low variable cost Product and Support Centers** • Operating **expense investment already in place** for growth and expansion
Highly Desirable Recurring Fee Income	• Primarily **recurring** trust and investment management ("TIM") fees • **Low risk, "sticky" wealth/trust business** with comprehensive product offering • **Multiple entry points with ConnectView®** – proprietary review process to service, **cross-sell**
Experienced, Tested Team	• Executives are **major bank/professional firm trained**, with deep relationships in communities • Achieved **growth through** business and economic **cycles**, capital constraints • Healthy relationship with all regulators with **strong risk management** culture • CEO with **proven track record** for creating value in previous bank ownership
Unique Opportunity for Investors	• At critical mass but small market share, **many current and new market** opportunities • **Proven ability to expand: (1) Organically, (2) By expansion and (3) By acquisition** • Few large Colorado bank alternatives for investors and clients, creating **lift-out opportunities** • Attractive revenue and earnings growth story **trading at discounted valuation**
